THE JOURNAL OF IMMUNOLOGY

IMMUNOLOGY

JOURNAL
OF
THE

One of the most highly cited journals in biomedicine, THE JOURNAL OF IMMUNOLOGY serves immunologists and individuals in related disciplines.

Each issue contains hundreds of pages of up-to-date research. In addition, the "Cutting Edge" section of the journal features the highest impact articles in the field. "In This Issue" provides summaries of the most interesting articles in an issue with a focus on each article's importance to immunology.

THE JOURNAL OF IMMUNOLOGY is the trusted source for reports on immunology research for scientists from many disciplines. Every scientist working in immunology will want a subscription!

To receive THE JOURNAL OF IMMUNOLOGY, mail your order to:

Subscriptions Department - Room L-2407-A

2006 Non-member rates for 24 issues

■ **Rates inside U.S.A.**

Personal: \$370/year
Institutional: \$730-1,015*/year

■ **Rates outside U.S.A.**

Personal: \$530/year
Institutional: \$890-1,175*/year
(Canada, add 7% GST)

2006 Member and Trainee rates for 24 issues*

■ **Member**

U.S.A.: \$260/year
Canada: \$358.75/year
International: \$350/year

■ **Trainee**

U.S.A.: \$64/year
Canada: \$156.25/year
International: \$154/year

* Depending on number of faculty and students. See www.jimmunol.org for current rate information.

* Obtain through:

2006 Travel & Related Awards

Application Deadline: January 16, 2006

NEW
for 2006!

Cynthia Chambers Memorial-eBioscience Junior Faculty Award -- To honor the memory of Dr. Cynthia Chambers, the AAI, in partnership with eBioscience, Inc., established this award in 2005 to advance the careers of junior scientists who attend the AAI Annual Meeting to present immunology research, specifically in the area of cancer biology. The recipient will receive a \$1,000 cash award. Selection is based on the submission of an original first-author abstract for presentation (oral or poster) at the forthcoming AAI Annual Meeting. Selection and notification of awardee will occur prior to the meeting. The awardee will be recognized and presented with a certificate during an awards ceremony at the Annual Meeting, and must attend the awards ceremony to receive the award.

AAI-Huang Foundation Trainee Achievement Award -- Established in 1997 through an endowment from the Huang Foundation, this award offers promising trainees* in the field of immunology a \$1,000 cash prize and support for travel to the AAI Annual Meeting. Selection is based on career promise and presentation of an outstanding first-author abstract at the meeting.

AAI Junior Faculty Travel Award -- Supported in part through an unrestricted educational grant from Bender MedSystems, this award offers a \$500 cash prize to young investigators based on career promise and submission of a first-author abstract to the AAI Annual Meeting. AAI members and nonmembers are eligible.

AAI Minority Scientist Travel Award -- The 2006 AAI Minority Scientist Travel Awards are funded by a grant from the National Institute of General Medical Sciences, National Institutes of Health [*FASEB MARC Program: T36-GM08059-23*]. This award provides eligible mentors, trainees,* and/or junior faculty members complimentary advance registration and travel support in connection with the AAI Annual Meeting. Two types of awards -- Faculty Mentor/Minority Trainee Award and Minority Trainee-to-Junior-Faculty Travel Award -- are available, with separate eligibility requirements for each. Awardees must attend the meeting and award ceremony.

Pfizer-Showell Travel Award -- Established in 1999 through an endowment from Henry J. Showell and Pfizer, Inc., this award recognizes the professional promise of an early career investigator (assistant professor or equivalent) by assisting the awardee with travel to the Annual Meeting to present immunology research. Selection is based on career progress and submission of an outstanding abstract selected for oral presentation at the meeting.

For AAI award eligibility requirements and instructions, visit <http://www.aai.org/Awards/default.htm>.

* Requires submission of AAI Trainee Certification Form: http://www.aai.org/Awards/PDFs/cert_form.pdf.

National Institute of Allergy and Infectious Diseases

National Institutes of Health

Fellows & New Investigators Workshop on **Grantsmanship & Career Opportunities in HIV Immunology Research**

Keystone, Colorado • March 26 - 30, 2006

Sponsored Jointly by the Division of AIDS and the
Division of Allergy, Immunology and Transplantation

In conjunction with the concurrent Keystone
Symposia **HIV Pathogenesis** and **HIV Vaccines**

Sign up early to:

- Network and collaborate with leading HIV/AIDS and immunology research investigators
- Learn how to be successful in grant funding: tips on the NIH grants process and successful grant application writing
- Learn more about key immunology and pathogenesis research gaps in HIV
- Learn more about funding opportunities
- Learn about pathways for career development

- Learn how to identify the most appropriate funding mechanisms for new and foreign investigators
- Obtain hands on training on HIV sequence and immunology data bases

Special **Meet with the Experts** session
Social held to meet and interact with Symposia speakers in a small, informal setting

Workshop Scholarships Available!

A limited number of scholarships, up to \$1,500, will be available for students, fellows and new investigators in basic immunology research outside the HIV/AIDS field to help defray the expenses associated with conference attendance, including air (on a U.S. air carrier), ground transportation and lodging costs.
