The American Association of Immunologists Call for 2009 Travel Award and Grant Applications

Application Deadline: January 12, 2009

Cynthia Chambers Memorial-eBioscience Junior Faculty Award C Established to honor the memory of AAI member Dr. Cynthia Chambers, this award is intended to advance the careers of junior scientists who attend the AAI Annual Meeting and present an outstanding abstract specifically in the area of cancer biology. The award recipient will receive a \$1,000 cash award and a certificate during an Awards Ceremony at the AAI Annual Meeting. *This award is generously supported by eBiosciences, Inc.*

Pfizer-Showell Travel Award C This award recognizes the professional promise of an early career investigator (assistant professor or equivalent) by assisting the award recipient with travel to the AAI Annual Meeting to present his or her research. Selection is based on career progress and submission of an outstanding abstract selected for oral presentation in a Block Symposium at the meeting. *This award is supported through an endowment from AAI member Henry J. Showell and Pfizer, Inc.*

AAI-Invitrogen Trainee Achievement Award C This award recognizes up to 6 promising trainees in the field of immunology. Awardees will receive a \$1,000 cash prize and support for travel to the AAI Annual Meeting. Selection is based on career promise and presentation of an outstanding first-author abstract selected for oral presentation in a Block Symposium. *This award is supported by Invitrogen Corp.*

AAI Trainee Abstract Award C This award provides a cash prize of \$500 to AAI Trainee Members (students and postdoctoral fellows) whose first-author abstract submitted to the AAI Annual Meeting is selected for oral presentation in a Block Symposium. Successful candidates must be the first author and an AAI Trainee Member in good standing as of January 12, 2009.

AAI Minority Scientist Travel Awards Program C This program provides eligible mentors, trainees and/or junior faculty members registration and travel support for attendance at the AAI Annual Meeting. Two types of awards are available, with separate eligibility requirements: Category I, Faculty Mentor and Minority Trainee, and Category II, Minority Trainee or Junior Faculty. *These awards are funded by a grant from the National Institute of General Medical Sciences, National Institutes of Health [FASEB MARC Program: T36-GM08059-26].*

AAI Junior Faculty Travel Grant C Grants of \$500 are available to young investigators to support attendance at the AAI Annual Meeting. Receipt is based on career promise and submission of a first-author abstract to the Annual Meeting.

For complete AAI Award eligibility requirements, application instructions, and Trainee Certification form, visit <http://www.aai.org/Awards>.

Awards will be presented at

AAI... *Working for You!*

The mission of The American Association of Immunologists (AAI) is to advance the knowledge of immunology and related disciplines, foster interchange of ideas and information among scientists, and promote understanding of the field of immunology.

REGULAR MEMBERSHIP BENEFITS

- Membership in the largest and most prestigious professional association of immunologists in the world
- Effective representation! Your views and concerns on research funding and science policy are brought to Congress and federal agencies by professional staff and member-driven committees who work together to advance immunology research and address issues that affect member careers
- Voting privileges in AAI elections and actions
- Eligibility for prestigious AAI career and travel awards
- Eligibility to serve on AAI committees; help determine the direction of AAI and serve the larger scientific community
- Reduced registration and abstract submission fees to the AAI annual meetings
- Privilege of leading major sessions at the AAI annual meetings
- Reduced registration fees to the AAI Introductory and Advanced Immunology Courses
- A subscription to *The Journal of Immunology* (print and/or online) and access to the full digital archive
- Inclusion in, and online access to, the FASEB Directory of Members
- No submission fee for manuscripts submitted to *The Journal of Immunology*
- Significantly reduced color figure charges for manuscripts published in *The Journal of Immunology*
- Eligibility to serve on the Editorial Board of *The Journal of Immunology*
- Reduced subscription rates to other immunology journals and reviews
- Personal copies of the *AAI Newsletter*
- Membership in the Federation of American Societies for Experimental Biology (FASEB) and in the International Union of Immunological Societies (IUIS)

GRIP

Grant Review for Immunologists Program

Get a **GRIP**: An AAI program designed to help new investigators prepare their NIH grant proposals

AAI is pleased to offer a program to match new PI's with established PI's who have significant, successful grant writing careers. The Grant Review for Immunologists Program (GRIP) invites new PI's to submit an outline or NIH-style abstract to the GRIP coordinator who, with the assistance of a small volunteer subcommittee, will attempt to match the topic of the proposal with the research experience of an established PI. Matches will be made as quickly as possible to allow new PI's to meet upcoming NIH grant deadlines. Participation is strictly voluntary and is not intended to preclude internal mentoring programs.

GRIP is now accepting both new PI and established PI participants. Please send your CV and a brief description of either your potential research project (new PI's) or grant reviewing experience (established PI's) to infoaai@aai.org (please write 'GRIP' in the subject line).
