VOLUME 191, NUMBER 5 • SEPTEMBER 1, 2013 • WWW.JIMMUNOL.ORG

On the occasion of the
100th Anniversary of
The American Association of Immunologists
Dartmouth Journal Services
extends its good wishes and most sincere congratulations.

Your Association has been at the forefront of the pursuit of scientific understanding and has rendered conspicuous service to the prevention, treatment, and cure of disease to improve human health worldwide.

We salute you for your leadership in the cultivation of public understanding of the importance of biomedical research for the good of all mankind.

It is altogether fitting for the occasion of your Centennial
to be marked by great fanfare and commendation.

DARTMOUTH JOURNAL SERVICES

On the Occasion of the
100th Anniversary
of
The American Association of Immunologists

The Federation of American Societies for Experimental Biology extends to
The American Association of Immunologists its most sincere congratulations
and appreciation for a century of outstanding service to science.

Your association's preeminence in the field of immunology, and its dedication to fostering the interchange of ideas and information among scientists, has pushed forward the boundaries of knowledge in the field and contributed immeasurably to advancements in clinical medicine.

We salute your dedication to promoting better public understanding of immunology
as a field and its importance to human health worldwide.

We consider it a privilege to work with you toward our common goal of advancing the quality of life through the support of biomedical research, and we are confident your illustrious record will garner many more commendations in the years to come.

GRIP

Grant Review for Immunologists Program

Get a GRIP: An AAI program designed to help new investigators prepare their NIH grant proposals

AAI is pleased to offer a program to match new PIs with established PIs who have significant, successful grant writing careers. The Grant Review for Immunologists Program (GRIP) invites new PIs to submit an outline or NIH-style abstract to the GRIP coordinator who, with the assistance of a small volunteer subcommittee, will attempt to match the topic of the proposal with the research experience of an established PI. Matches will be made as quickly as possible to allow new PIs to meet upcoming NIH grant deadlines. Participation is open only to AAI members and is strictly voluntary. The program is not intended to supplant internal mentoring programs.

GRIP is now accepting both new PI and established PI participants. Please send your CV and a brief description of either your potential research project (new PIs) or grant reviewing experience (established PIs) to infoaai@aaai.org (please write “GRIP” in the subject line).
