## Grant Review for Immunologists Program

**Get a GRIP: An AAI program designed to help new investigators prepare their NIH grant proposals**

The AAI Grant Review for Immunologists Program (GRIP) offers new principal investigators (PIs) access to established PIs for guidance in preparing grant proposals as they embark on their independent careers. Early-career PIs (assistant professors or equivalents) are invited to submit their grants' "Specific Aims" pages to the GRIP coordinator who, with the assistance of a small volunteer subcommittee, will attempt to match each topic of the proposal with the research experience of an established PI. Matches will be made as quickly as possible to allow participants to meet upcoming NIH grant deadlines. Participation is open only to AAI regular members and is strictly voluntary. The program is not intended to supplant internal mentoring programs at applicants' institutions.

**To apply, please send your CV and the grant's "Specific Aims" page to [infoaai@aai.org](mailto:infoaai@aai.org). (please write "GRIP" in the subject line)**

**To volunteer as a mentor, please send your CV and a brief description of your grant-reviewing experience to [infoaai@aai.org](mailto:infoaai@aai.org). (subject line "GRIP")**
